Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

In regard to the apparatus claims (particularly independent claims 1 and 10), the art of record fails to disclose or reasonably suggest to the ordinarily skilled artisan a burr with having a chamfered rim that is angled inward to a curved shoulder that curves further inward to a junction with a burr member wherein the junction forms a stop as it has been set forth in detail in the present claims.

In regard to the method claims (particularly independent claims 15 and 18) the prior art of record fails to disclose or reasonably suggest to one of ordinary skill in the art the specifically claimed reduction methods with a reduction burr having a curved shoulder that provides a stop junction with the burr end.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
